Training Update

Upcoming Mandatory Training Sessions

Now that the excitement of fiscal year end is over until next year, the Training Department would like to mention two mandatory training obligations that must be completed.

Mandatory Annual Web-Based Compliance Training

You may recall already hearing about the Mandatory Annual Web-Based Compliance Training from the Chief Compliance Officer, Tom Staffa. In Mr. Staffa’s original email he set a deadline of July 1, 2007. Because of the conflict that posed for Patient Financial Services and fiscal year end, our deadline has been extended to July 31, 2007.

Even considering the deadline extension, 59% of PFS employees that were expected to complete the mandatory training have already done so! Great job! If you haven’t already done so, please complete this training by July 31st.

Joint Commission Education Requirements

Stay tuned for announcements on a training packet that will be required for all employees to be compliant with the Joint Commission Education Requirements.
